WELCOME

The **Monash Science Symposium (MSS)** 2016 is one of the highly anticipated meetings organised by postgraduates from the School of Science. The **aim** of this symposium is to provide a meeting for interdisciplinary discussion on scientific issues. This is also a platform for participants to present their studies, explore their potentials, exchange inspiring ideas and establish professional relations with other universities and industrial sectors.

The scope of the symposium includes the following 6 broad topics:

- 1) Applied Microbiology
- 2) Cell Biology and Biochemistry
- 3) Chemistry and Drug Discovery
- 4) Food Science and Technology
- 5) Genomics and Molecular Biology
- 6) Environmental Sciences

CALL FOR PAPER

The organising committee of the MSS2016 invites the submission of abstracts for the following:

Oral presentation

Speakers are given **10 minutes** to present their research work with a 5-minute Q & A session after each talk.

Poster presentation

Posters should be in **portrait** orientation of **A1** (594 x 841 mm) size.

Research in a Flash

A short **three-minute** speech with the purpose of communicating your research project to an intelligent, but non-specialist audience. The presentation will allow only a single PowerPoint slide, without the assistance of additional media or props.

Each participant is only allowed to submit **ONE** abstract. The final decision on the acceptance of the abstract and presentation will be subjected to availability and suitability of the topics. Accepted abstracts will be acknowledged via email by **15 September 2016**. At least one of the authors of the accepted abstract must be registered for the symposium.
